Per Handshake Support, there are a few ways for students to quickly access their upcoming events:

To quickly access your Saved, Registered, and Check-in events, click the following icons in the upper-right corner of the search page:

- **Saved (Bookmark tab)**
  - Any event you've saved, but not registered for will be displayed.
- **Registered (Calendar Icon)**
  - Any event you've registered for, but have not attended yet can be accessed.
- **Check-ins (Check mark icon)**
  - Any event you've checked in for/attended will be displayed.

They also recommend the student have all notifications related to events enabled. This will ensure each student receives all the automated in-app reminders and notifications related to their events:
